

### Summer Enrichment Program 2015

Formula for Success: Academics Plus STEAM Enrichment.

Greetings!

Succeed2gether's Summer Enrichment Program was a great success, with the kids making tremendous gains in math and language arts. **Post-program testing showed an amazing average improvement of 28 percent in mathematics and 20 percent in language arts (see graph).**

Our kids did a lot more than academics. Afternoons were filled with art, filmmaking, music, sports, computer coding and competence, yoga and Zumba.

Community collaborations created exceptional opportunities. Our summer filmmaking class, led by Sue Hollenberg, Education Director of the Montclair Film Festival (MFF), made a short documentary about community called "Make That Change," which can be viewed on our website [succeed2gether.org](http://succeed2gether.org). The Montclair Art Museum staff directed a mural project at 11 Pine St. Their Art Truck worked with the kids on a very large elephant made out of recycled materials which is on display at the museum.

The summer program also included visits by Bike Walk Montclair to discuss safety and distribute free

**Join us for cocktails, music, and conversation at our fall fundraiser!**

helmets; the Montclair Public Library to promote their summer reading program, and the Essex County Environmental Center to discuss green science careers, and the Adventure Aquarium.

Our summer program included a healthy breakfast and lunch. We want to thank Toni's Kitchen and Chipotle for providing food. We would also like to thank Sports Authority, Models, and Let's Yo for donating gift certificates.

Our Summer Enrichment Program levels the academic playing field for under-served children of our communities while fostering a love of learning and keeping students engaged in academics during the summer months. Our programs are taught by certified teachers who focus on the whole child's academic and social success.

Succeed2gether's programs are offered at no charge to low-income families. We believe every child deserves to compete on a level academic playing field, regardless of economic circumstance. We count on individual donations to cover our expenses. Your generosity allows us to provide and

expand our quality free and low-cost educational programs to children.

Thank you to all who sponsored our kids this summer including the Montclair Fund for Women, Montclair Rotary Club, Union Congregational Church, The Kinder Morgan Foundation, Montclair Foundation, and our donors.

Best,  
Marcia Marley  
Executive Director

### Fall 2015 Programs

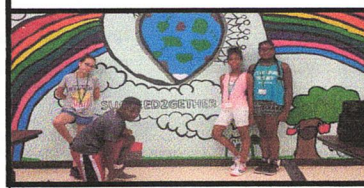

We are currently accepting applications for both our fall **After-School Tutoring Program** at the Montclair Library and **After-School/Weekend Enrichment Workshops**. This fall, we are offering computer coding and game design, creative writing, algebra readiness, and film making.

Contact our office or visit our tutoring area on the 3rd floor of the Library to pick-up an application. Our programs are available at no cost to low-income students and at affordable rates based on family income.

2015 Board of Directors

Marcia Marley, President	Claire Ciliotta Dorothy McGann
Alice Freed	Ellen Steinberg
Angelia Allen	Jessica de Koninck
McMillan	Jonathan B. Simon
Assemblymen Tom Giblin	Mark Alexander Susan Gifford
Carlos Lejniaks	Barbara Kaplan

## Fall Programs and Volunteer Opportunities

### MATH • WRITING • READING • VOCABULARY AFTER SCHOOL TUTORING PROGRAM GRADES 2-12

One-on-one tutoring is offered for FREE to qualifying families.

**SIGN UP NOW!** Tutoring begins September 15, 2015

Who: Students in grades 2-12

Where: Montclair Public Library

50 S. Fullerton Avenue, Montclair (3rd Floor)

When: Monday through Thursday from 3:00 p.m. – 6:00 p.m.

Succeed2gether's extremely successful After-School Tutoring Program for students in grades 2 through 12 will begin September 15, 2015 at the Montclair Public Library. Tutors include current and retired teachers, industry professionals, high school and college honor students, and local business owners. Students receive one-hour sessions in math, writing, reading, science, and social studies for one or two days per week. Succeed2gether can also arrange assistance in algebra, geometry and physics.

In order to gauge our students abilities and to provide the highest level of academic support with either remedial or enrichment activities, Succeed2gether conducts pre- and post-tests for each student.

Please contact Chris Tietjen, Succeed2gether's Program Director, for an application. Applications are accepted on a rolling basis. Chris can be reached at 973-746-0553 or ctietjen@succeed2gether.org. Applications can also be found at 11 Pine Street, Montclair Public Library and on our website [www.succeed2gether.org](http://www.succeed2gether.org)

The After-School Tutoring Program is free to qualifying families that provide income verification.

### Volunteer Tutoring Program

Succeed2gether utilizes volunteer tutors from the community including working professionals, retired teachers, and students fulfilling community service and program requirements. After-school tutors work with students in grades 1 through 12 with homework, remediation, and enrichment activities. Located in the Montclair Public Library's children's section, tutors work with individual students in one-hour sessions, in either Language Arts/Social Studies or Math/Science Mondays-Thursday from September-May with a one-three hour a week time commitment to the program.

**Qualifications:** Interest in working at the elementary, middle, or high school level with subject matter expertise in LA/Writing or Math/Science. Teaching experience is NOT required.
